

Calling Guide via the Busytalk-VoIP PSTN Portals

Local Calling Card Gateways

- Call anywhere in the world from any phone in the world and use your Busytalk-VoIP Prepaid Call Credit by dialling a Calling Card Access Number.
- In order to use this feature, call the applicable calling card access number, enter your Virtual Phone Number and 5-digit PIN (as set in the Control Panel), call any number (PSTN, IP, Voicemail, etc.) followed by the pound (#) key.
- This deducts applicable calling credit from your account based on the number called.

Note: Unlimited plans do not include the use of the Calling Card Gateways. You must maintain Prepaid Call Credit or Bulk Plan minutes to use this service.
